CIC Education Hour

School Vaccination Updates

Webinar Information

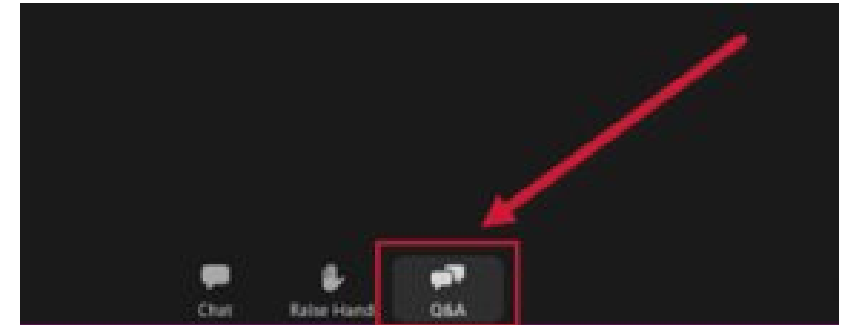

- All lines will be muted during the program
- Please use the Q & A box to communicate with the moderators
- Webinar is being recorded and link will be posted to the California Immunization Coalition website: <https://www.immunizeca.org/> and the CIC YouTube page:

<https://www.youtube.com/channel/UCklkZ1SZQNQLcpmNpeQpDAg>

Questions for Presenter

- To ask a question or leave a comment use the Q&A feature located at bottom of screen
- Questions will be answered after the presentation, as time permits
- Additional questions may be sent to info@immunizeca.org for email response after the webinar.

Frequently Asked Questions

1. Where can I watch this presentation again?

✓ **A copy will be posted on CIC's YouTube channel**

2. Will this presentation be posted somewhere?

✓ **Yes - a copy will be posted on CIC's website**

You can access CIC's YouTube channel at: www.ImmunizeCA.org/Education-Hour/

Or directly at CIC's YouTube page <https://www.youtube.com/channel/UCklkZ1SZQNQLcpmNpeQpDAg>

Instructor for the School Nurse Credential
Program at Sacramento State University

Schools' and school nurses' role in Medical Exemptions

Pamela Kahn, MPH, RN and Joan Edelstein, DrPH, RN

December 15, 2021

Objectives

Upon completion of this webinar, attendees will be able to:

- Describe the rationale behind SB276 (Pan) Immunizations: medical exemptions
- Identify available resources that may be used for immunization assessment, reporting, and medical exemption management.
- Determine the value of tracking immunization data.
- Formulate communication strategies for use with parents around the issue of medical exemptions.

History and legislation

- 2015 SB277 (Pan) eliminated Personal Belief Exemption (PBE)
 - Required vaccines increased from 92.8% to 95.1% in two years
 - Medical exemptions (MEs) increased from 0.2% to 0.7% - a 250% increase
- Concerned school nurses were reporting questionable MEs
- 2019 SB276 (Pan) and SB714 gave CDPH authority over MEs
- CAIR-ME database created and in place January 1, 2021
- CDPH revoked MEs from disciplined physicians prior to 1/1/20
- Schools/school nurses tasked with notifying parents
 - Schools/school nurses tasked with initiating appeals requested by parents

MEs that *expire*

- MEs *expire*:
 - When the child enrolls in the next grade span (TK/K, 7th)
 - On the expiration date specified in a temporary medical exemption
 - With permanent revocation of the exemption.

MEs that are *revoked*

- MEs written prior to January 1, 2020 by any physician who has been disciplined for *any* reason are revoked
- MEs written January 1, 2020- December 31, 2020 are not addressed
- Searchable list of disciplined physicians as of March 2021
- The best way to determine if a physician has been disciplined is to do a license search:
 - Enter Medical Board of California for Board s and Bureaus (easiest) OR Physicians and Surgeons under Medical Board for License type
 - Enter first and last names (at least last name)
 - Click on “SEARCH”
 - Questions? Select “MORE DETAIL”

School/school nurse role in revoking MEs

- Review ALL MEs written prior to January 1, 2020
- *Suggest* making a spreadsheet or other document to keep
- Check each physician's name as appropriate
- Notify family ASAP if the student's ME is revoked
- Provide a notice of not more than 10 days to initiate vaccination
- If a family wants to appeal, they have 30 days from the date of notification and student may attend school
- School/school nurse initiates the appeal form on family's behalf

School/school nurse role in revoking MEs

- The school/school nurse initiates the appeal form because they:
 - have on file a readily accessible copy of the medical exemption documentation that is subject of the appeal
 - know the date they notified the parents of the revocation in relation to the 30-day appeal timeframe noted in state law

School/school nurse role in revoking MEs

- Dealing with (angry/upset/frantic) parents
- Provide information related to ME [FAQs](#)
- Try not to engage; maintain boundaries
- Practice active listening and validating concerns
- Be clear this is a state law and state directive
- Refer to supervisor if necessary

Communication Strategies

- Responding calmly to upset parents
- Tips for handling angry parents (for MEs, leave out #5)
- Dealing with angry parents or community members
- Note - these strategies are for school related issues.
This is a state law related issue over which you have limited control. Be clear about that and consider it when evaluating suggested responses

Sample situations - quick response

- I won't enroll my child at your school
- He's in 10th grade and you have no right to look at any student who's not in kindergarten or 7th grade
- I'll call my attorney
- Do you know of any clinics or offices that offer cleaner or separated vaccines that don't contain aluminum adjuvants? Kaiser doesn't offer these safer versions.

Questions

GUIDE TO IMMUNIZATION REQUIREMENTS FOR SCHOOL ENTRY

CALIFORNIA IMMUNIZATION REQUIREMENTS FOR

K – 12TH GRADE (including transitional kindergarten)

GRADE	NUMBER OF DOSES REQUIRED OF EACH IMMUNIZATION ^{1, 2, 3}				
K-12 Admission	4 Polio ⁴	5 DTaP ⁵	3 Hep B ⁶	2 MMR ⁷	2 Varicella
(7th-12th) ⁸	K-12 doses + 1 Tdap				
7th Grade Advancement ^{9,10}	1 Tdap ⁸				2 Varicella ¹⁰

- Requirements for K-12 admission also apply to transfer pupils.
- Combination vaccines (e.g., MMRV) meet the requirements for individual component vaccines. Doses of DTP count towards the DTaP requirement.
- Any vaccine administered four or fewer days prior to the minimum required age is valid.
- Three doses of polio vaccine meet the requirement if one dose was given on or after the 4th birthday.
- Four doses of DTaP meet the requirement if at least one dose was given on or after the 4th birthday. Three doses meet the requirement if at least one dose of Tdap, DTaP, or DTP vaccine was given on or after the 7th birthday (also meets the 7th-12th grade Tdap requirement. See fn. 8.)

- One or two doses of Td vaccine given on or after the 7th birthday count towards the K-12 requirement.
- For 7th grade admission, refer to Health and Safety Code section 120335, subdivision (c).
- Two doses of measles, two doses of mumps, and one dose of rubella vaccine meet the requirement, separately or combined. Only doses administered on or after the 1st birthday meet the requirement.
- For 7th-12th graders, at least one dose of pertussis-containing vaccine is required on or after the 7th birthday.
- For children in ungraded schools, pupils 12 years and older are subject to the 7th grade advancement requirements.
- The varicella requirement for seventh grade advancement expires after June 30, 2025.

DTaP/Tdap = diphtheria toxoid, tetanus toxoid, and acellular pertussis vaccine

Hep B = hepatitis B vaccine

MMR = measles, mumps, and rubella vaccine

Varicella = chickenpox vaccine

INSTRUCTIONS:

California schools are required to check immunization records for all new student admissions at TK /Kindergarten through 12th grade and all students advancing to 7th grade before entry. Students entering 7th grade who had a personal beliefs exemption on file must meet the requirements for TK/K-12 and 7th grade. See shotsforschool.org for more information.

UNCONDITIONALLY ADMIT a pupil whose parent or guardian has provided documentation of any of the following for each immunization required for the pupil's age or grade as defined in table above:

- Receipt of immunization

CALIFORNIA IMMUNIZATION REQUIREMENTS FOR

PRE-KINDERGARTEN

(any private or public child care center, day nursery, nursery school, family day care home, or development center)

Doses required by age when admitted and at each age checkpoint after entry¹:

AGE WHEN ADMITTED	TOTAL NUMBER OF DOSES REQUIRED OF EACH IMMUNIZATION ^{2,3}				
2 through 3 months	1 Polio	1 DTaP	1 Hep B	1 Hib	
4 through 5 months	2 Polio	2 DTaP	2 Hep B	2 Hib	
6 through 14 months	2 Polio	3 DTaP	2 Hep B	2 Hib	
15 through 17 months	3 Polio	3 DTaP	2 Hep B	1 Varicella	
	On or after the 1st birthday:			1 Hib ⁴	1 MMR
18 months through 5 years	3 Polio	4 DTaP	3 Hep B	1 Varicella	
	On or after the 1st birthday:			1 Hib ⁴	1 MMR

- A pupil's parent or guardian must provide documentation of a pupil's proof of immunization to the governing authority no more than 30 days after a pupil becomes subject to any additional requirement(s) based on age, as indicated in the table above (Table A).
- Combination vaccines (e.g., MMRV) meet the requirements for individual component vaccines. Doses of DTP count towards the DTaP requirement.
- Any vaccine administered four or fewer days prior to the minimum required age is valid.
- One Hib dose must be given on or after the first birthday regardless of previous doses. Required only for children who have not reached the age of five years.

DTaP = [diphtheria toxoid](#), [tetanus toxoid](#), and acellular [pertussis](#) vaccine

Hib = [Haemophilus influenzae, type B](#) vaccine

Hep B = [hepatitis B](#) vaccine

MMR = [measles](#), [mumps](#), and [rubella](#) vaccine

Varicella = [chickenpox](#) vaccine

Reporting

The California Health and Safety Code Section 120325-75 requires students to provide proof of immunization for school entry. Additionally, California Health and Safety Code Section 120375 and California Code of Regulation Section 6075 require all schools to assess and report annually the immunization status of their enrollees.

Kindergarten Data and Reports

Below are the most recent summary reports and data files that measure compliance with the school immunization law, conducted in all schools with kindergartens. For more information or specifics about these reports, please contact your local health department or the Immunization Branch. Files are in Adobe PDF or MS Excel (data files only) format and open in a new window unless otherwise specified.

Digital COVID-19
Vaccine Record

Digital COVID-19 Vaccine Record

Welcome to the Digital COVID-19 Vaccine Record portal. Just enter a few details below to get a link to a QR code and digital copy of your COVID-19 vaccination record. If you want to share your proof of vaccination, you can use either the electronic version you'll get from the portal or the card you were given at time of vaccination.

If you are a parent or guardian and have multiple vaccine records associated with a single cell phone number or email address, enter each digital vaccine record request separately.

The portal provides only a digital copy of your vaccine record. If you received your vaccinations from a federal agency (e.g., Department of Defense, Indian Health Services, or Veterans Affairs), you will need to reach out to those agencies for assistance with your vaccination record.

If you have questions about your Digital COVID-19 Vaccine Record, [visit our FAQ](#).

Please fill out the required fields to receive a link to a QR code and digital copy of your COVID-19 vaccination record:

Required fields marked with *

First name *

Last name *

Date of birth *

Digital COVID 19 Vaccination Record

myvaccinerecord.cdph.ca.gov

- Enter your first name, your last name, and your date of birth
- Provide a cell phone number or email.
- Create a 4-digit PIN to access your vaccine record.
- Verify your identity by checking the box and click the "submit" button.
- Receive a text or email with a link to your vaccine record.
- Click on the link and enter that PIN you just created.
- This will give you your vaccine record with a QR code.

Evaluation

At the end of this webinar an Evaluation will pop up on your screen.

The evaluation should take approximately 5 minutes to complete.
We are grateful for your time.

CIC utilizes the evaluation from our Education Hours to guide us in future endeavors as well as sharing the performance of the education hour with our stake holders.

Frequently Asked Questions

2. Will I receive a copy of the webinar recording?

Yes – a copy will be posted on the ImmunizeCA.org site

2. Will I receive a copy of the webinar recording?

Yes - a copy will be posted on the ImmunizeCA.org site
