

# SCRL

School and Child Care  
Roster Lookup: What It is and How to Use It

Friday, April 28, 2023

12:00 PM – 1:00 PM (Pacific Time)

# Welcome

Ahana Singh, School Vaccination Coordinator, CDPH

# Housekeeping Notes

- Please note that all lines are muted.
- We will not be monitoring the chat. If you have any questions, please use the Q&A box instead.
- The transcription feature is currently activated and available for use.
- All sessions will be recorded and posted to the California Immunization Coalition website (<https://www.immunizeca.org/>) as well as the CIC YouTube page (<https://www.youtube.com/channel/UCkIkZ1SZQNQLcpmNpeQpDAg>)

# Overview

California Department of Public Health (CDPH) and California Immunization Coalition have collaborated to conduct this webinar.

- **Local Health Jurisdictions (LHJs)** (Monday, April 24, 2023)
- **Schools** (Wednesday, April 26, 2023)
- **Child Care/Pre-K sites** (Friday, April 28, 2023)

Kindly note that the content of today's session may not be customized to meet your specific needs if you are not from the Pre-K/child care audience.

# Agenda: Friday, April 28, 2023

No.	Item	Speaker(s)	Time (PM)
1	Welcome	Ahana Singh, School Vaccination Coordinator, CDPH	12:00 – 12:03
2	California Immunization Coalition Overview	Catherine Flores, Executive Director, California Immunization Coalition	12:03 – 2:13
3	CA Systems & Laws related to School Vaccination	Amy Pine, School Vaccination Team Co-Lead, CDPH	12:13 – 12:25
4	Demonstration of SCRL	Alana Hintz, Senior Project Manager, M Corp	12:25 – 12:45
5	Questions Review	Naveen Makhdum, School Vaccination Coordinator, CDPH	12:45 – 12:55
6	Office Hours, Evaluation, and Wrap-up	Ahana Singh, School Vaccination Coordinator, CDPH	12:55 – 1:00
<b>Thank you!</b>			

# California Immunization Coalition

Catherine Flores, Executive Director

Achieve and maintain full immunization protection for all Californians to promote health and prevent serious illness.

~~COVID~~ Monkeypox  
Conversation  
Monkeypox – Updates,  
Recommendations and Resources

**Matt M. Zahn, MD**  
Medical Director  
Epidemiology, Assessment, and Immunization Program  
Orange County Health Care Agency

A poster with a dark, textured background. The word 'COVID' is crossed out with a red line, and 'Monkeypox' is written in red. Below it, 'Conversation' is written in white. Underneath, 'Monkeypox – Updates, Recommendations and Resources' is written in white. At the bottom left is a circular portrait of Matt M. Zahn, MD, a man with glasses. To the right of the portrait is a white rounded rectangle containing his name and title.

You have  
**power to  
protect**  
against vaccine-preventable  
diseases.

Ensuring that All Californians have access to lifesaving vaccines.

## Our vision

Improve  
immunization rates  
for Californians  
of all ages

Encourage  
community-based advocacy

Support California's  
local immunization  
coalitions

Provide educational  
opportunities for  
health professionals and  
community stakeholders

# CAIR, SCRL and CA Immunization Laws

Amy Pine, School Vaccination Team Co-Lead, CDPH

CAIR vs. CAIR Hub vs. SCRL.....so many acronyms!

# CA Immunization Registry CAIR

The California Immunization Registry (CAIR) is a secure, confidential, statewide computerized immunization information system for California residents.

- Accessible by providers, local health departments, WIC, and (prior to 2023) some school/child care sites for read-only access.
- Shows **all** administered doses that have been entered by provider – data will be more robust depending on how long provider has participated in CAIR.
- Can be used to print out yellow cards, blue cards or comprehensive histories
- Feeds/Powers the [Digital Vaccine Record](#)
- Does not easily say “ready/not ready for school entry”

# Digital Vaccine Record

- Digital Vaccine Record (DVR) is an electronic vaccination record from the California Immunization Registry (CAIR) and is an official record of the state of California, just like the yellow card.
- Includes name, date of birth, vaccination dates, and the vaccines received.
- Also includes future recommended vaccines and timelines.
- Takes information from CAIR. Great tool for all Californians!
- [Frequently Asked Questions – Digital COVID-19 Vaccine Record \(ca.gov\)](#) (e.g. what to do if record is not found)

**GET YOUR DIGITAL VACCINE RECORD**

Private. Convenient. Secure.

**What is a Digital Vaccine Record (DVR)?**  
Your Digital Vaccine Record (DVR) is an electronic vaccination record from the California Immunization Registry (CAIR) and is an official record of the state of California.

**What information does the DVR include?**  
The DVR has your name, date of birth, vaccination dates, and the vaccines you received.

**Where do I access my Digital Vaccine Record?**  
Visit [myvaccinerecord.cdph.ca.gov](http://myvaccinerecord.cdph.ca.gov) to access your record. You will need to enter your first and last name, date of birth, and mobile number or email address. You will create a PIN which will be required to obtain your DVR when the link to your record is provided to you.

**What digital records can I access from the DVR Portal?**  
There are two types of records you can access from the DVR Portal:

- COVID-19 QR code that (when scanned by a SMART Health Card reader) will display the same information as your paper CDC vaccine card: your name, date of birth, vaccination dates, and vaccines.
- Record of all your vaccinations that were reported by pharmacies and healthcare providers to CAIR. Note that your historical vaccinations may not have been reported to CAIR.

For more DVR questions, visit [myvaccinerecord.cdph.ca.gov/faq](http://myvaccinerecord.cdph.ca.gov/faq) or call 1-833-422-4288 (open M-F 8AM-8PM, SA-SU 8AM-5PM).

### Frequently Asked Questions - FAQs

- How to Register for CAIR Hub and Enroll an Organization in SCRL
- Using SCRL - FAQs

# School and Child Care Roster Lookup (SCRL) Tool

- SCRL is a tool that makes immunization record checking of children easy for schools and child care facilities.
- Uses the Pre-K or TK/K–12 immunization requirements and communicates with CAIR to determine which students are complete, which are conditional entrants, and which are overdue.
- Only accesses immunizations related to school or child care requirements

# Why SCRL?

- Takes out guess work about who is eligible for entry and who is not
- You do not have to make any calculations for conditional entrants, SCRL will tell you when the next dose is due
- Targeted to required IZs for enrolling/enrolled grade
- To help accomplish the implementation of requirements for school and child care

# California Law: Children must be immunized to be in school

California schools are required to check immunization records for all new student admissions for Pre-K sites, TK/Kindergarten through 12th grade and all students advancing to 7th grade before entry.

This applies to **all** students, regardless of when during the year they are starting school.

**No Shots? No Records?  
No School.**

**Children will not be enrolled  
unless an immunization record  
is presented and  
immunizations are up-to-date.\***

\*If your child is unimmunized due to medical reasons, please notify us.

Go to [ShotsForSchool.org](https://shotsforschool.org) to access information about immunization requirements, an interactive school look-up tool, implementation materials for schools, and educational materials for parents. 

IMM-1167ES (11-22)

# Status of Requirements

- Unconditionally Admit a pupil whose parent or guardian has provided documentation of
  - Receipt of immunization; or
  - A permanent medical exemption.
- Conditionally Admit any pupil who lacks documentation for unconditional admission if the pupil has:
  - Commenced receiving doses of all the vaccines required for the pupil's grade and is not currently due for any doses at the time of admission; or
  - A temporary medical exemption from some or all required immunizations.
- Do not admit students who are overdue.

Complete

Conditional  
Entrant

Overdue

# Medical Exemptions (MEs)

- As of January 1, 2021, all new exemptions **must** be through centralized **CAIR ME** system
- Paper medical exemptions may still be in circulation until 2028.
- See [Exemption Information on Shots for School](#) for questions
- CAIR ME system does not yet communicate with SCRL.

# Shots for School Website [www.cdph.ca.gov/shotsforschool](http://www.cdph.ca.gov/shotsforschool)

- School and child care staff find tools to help implement California's immunization requirements.
- Parents find information about which immunizations their child needs before starting school or childcare.

A screenshot of the California Department of Public Health website. The header includes the CA.GOV logo, navigation links (en Español, Contact Us, About, News &amp; Media, Jobs/Careers), a language selector, and a text resize option. The main navigation bar features the California Department of Public Health logo, a search bar, and dropdown menus for 'I am looking for', 'I am a', 'Programs', and 'A-Z Index'. Below the navigation, a breadcrumb trail reads: Home | Programs | Center for Infectious Diseases | Division of Communicable Disease Control | Shots for School. A large blue banner reads 'IMMUNIZATION BRANCH'. On the left, a 'Shots for School' menu lists: Child Care, TK-12th Grade, College, Resources &amp; Training, Reporting, and Laws. On the right, a 'Shots for School' banner features a photo of diverse children with backpacks and a 'SHOTS FOR SCHOOL' logo.

# Lifecycle of SCRL Immunization Reports

# SCRL Communicates with CAIR

## If Students/Data not in SCRL and Paper Records...

### **SCRL mimics CAIR**

- If it is not in CAIR, it is not in SCRL
- If it is not to be shared in CAIR, it is locked in SCRL

### **Possible reasons for data not in SCRL:**

- Providers did not enter historical doses in CAIR
- Provider does not yet use CAIR or just began using CAIR

### **Both Paper Records and SCRL incomplete.....**

- If paper record from family is incomplete and SCRL is incomplete, family needs to seek complete record from their primary care provider or get immunized!

# Register for SCRL before the end of the School Year

- Register for SCRL now, before end of school year, so that you are all set for fall enrollment and reporting.
  - CDPH is also offering office hours and answering technical questions in May
- Our intention for SCRL is to replace CAIR read-only entirely for schools/child care sites, but we currently do not have a set timeline.
  - We shall to give 2-4 weeks notice once confirmed.
- CAIR Access/permissions for clinical sites using CAIR will not change.

- How to Register
- Roster Management
- How to use Single Student Lookup

# How to Register

URL: <https://cair.cdph.ca.gov/cairhub>

The screenshot shows the CAIR Hub website interface. At the top left, the CDPH and SCRL logos are displayed. A navigation menu includes links for HOME, RESOURCES, ABOUT CAIR, CONTACT US, SIGN IN, and REGISTER. The main content area features a large image of a woman with the text "Welcome to CAIR Hub". A blue arrow points from the URL above to the REGISTER button in the navigation menu. Another blue arrow points from the text "CAIR Hub Users after Creating Accounts" to the SIGN IN button. A third blue arrow points from the text "New (Invited) CAIR Hub Users" to the REGISTER button. A magnifying glass icon is located in the bottom right corner of the screenshot.

# How to Register – Invited Users

**From:** CDPH UAT - CAIR Hub <NO-REPLY@the-mcorp.com>  
**Sent:** [redacted]  
**To:** AlanaH+UATSU@the-mcorp.com  
**Subject:** Invitation to register for access to the CAIR Hub

## Step 1: Receive Invitation

A message from the California Immunization Registry's CAIR Hub application:

You may now register for access to CAIR Hub.

**Browser recommendations:** Google Chrome or Microsoft Edge. (Internet Explorer is not supported.)

**To set up your CAIR-Hub account:**

1. Go to the [CAIR-Hub home page](#).
2. Click the **Register** button in the top right-hand corner of the home page.
3. On the user agreement page, click the **I Agree...** button.
4. Enter your email address on the next page that appears and click the **Send verification code** button. **CLOSE THIS WINDOW.**  
 NOTE: The multi-step process requires that you enter a verification code before you can create your account. The verification code is a six-digit code sent in a separate email after you click the **Send verification code** button.
5. Enter the six-digit verification code from your email.
6. Click the **Verify code** button.
7. Create and re-enter a password. Passwords must be minimum 8 characters and contain the following: uppercase letter, lowercase letter, number, and symbol.
8. Click the **Create** button.
9. Verify your name and add your phone number.
10. Click the **Save** button.
11. This will take you to your dashboard in the CAIR Hub.

If you have any questions, please contact the CAIR Help Desk at [CAIRHelpDesk@cdph](mailto:CAIRHelpDesk@cdph.ca.gov)

## Step 2: Click the Register button

## Step 3: Agree to User Access Agreement

### Website User Access Agreement

New CAIR Organization and Individual User Access Agreement

The CAIR Website is a secure online information system developed to assist with managing the Immunization Registry for the state of California. As a condition of authorized access to the CAIR website, I agree:

- To only use my password to access CAIR.
- To maintain the privacy and confidentiality of information in CAIR.
- To ensure no misuse or wrongful disclosure of information in CAIR.
- To report activities that may compromise the protection and the privacy of the information in CAIR.
- To not communicate, publish, and provide or make public any information regarding persons enrolled in the CAIR.
- To comply with California Health and Safety Code Section 120440 regarding immunization registry use, as well as State and Federal laws and HIPAA regulations regarding maintaining the confidentiality of patient information.

The system will create a permanent electronic record that will log each User's access into any CAIR record to ensure the appropriate use of this website. Any unauthorized release of confidential information by a User may revoke the User's access to CAIR.

I Agree to the User Access Agreement
I Don't Agree

## Step 4: Request a Verification Code

AlanaH+UATSU@the-mcorp.com

Send verification code

Create

## Step 5: Get your Verification Code

Verify your email address

Thanks for verifying your [AlanaH+UATSU@the-mcorp.com](mailto:AlanaH+UATSU@the-mcorp.com) account!

# SCRL Summary Questions and Answers

Naveen Makhdum, School Vaccination Coordinator, CDPH

# SCRL Requirement

Q: Are we required to use SCRL?

A: Schools and Child Care sites are not required to use SCRL, but we hope that you will all want to use it and the time to register is now.

# Yellow Cards and Blue Cards

Q: Can SCRL print yellow cards?

A: No. SCRL can print Blue Cards, not yellow cards. SCRL is a tool specifically for schools/child care sites and related immunization information. The California School Immunization Record (the Blue Card) is the only record that schools or child care sites may need to print.

- If a family is needing a yellow card, they should ask their doctor's office or they can access CA's [Digital Vaccine Record](#).

The image shows a thumbnail of the California Pre-Kindergarten and School Immunization Record form. It includes fields for child name, date of birth, sex, and ethnicity. It also features a table for recording vaccine dates and a section for school requirements. The form is titled 'CALIFORNIA PRE-KINDERGARTEN AND SCHOOL IMMUNIZATION RECORD' and includes a note about recording vaccine dates and status of requirements.

# Minimum Required fields for SCRL

- Q: What are the required fields for SCRL?
- A: For **uploaded rosters** (CSV files), the required fields are Student first name, last name, date of birth, student ID\*, and grade.

\*Student ID is not required for the *Build a Roster* function or for *Single Student Lookup*.

# Why is grade required?

- Q: Why is the “Grade” a required field for Roster Management?
  - A: The current grade requirement is related to Pre-K, TK/K-12 and Tdap vaccine requirements.
    - Specifically to Tdap, it must be administered on or after the 7th birthday and must be given before 7th grade. If we have no grade, then we cannot determine if grade requirement has been met.

# Estimating Student's Grade

Q: What if I am using the Single Student Lookup, and I do not know what grade they will be entering?

A: If you do not know the grade for an enrolling student and are wanting to use SCRL, simply estimate based on their age.

# Limits to Users from Schools?

- Q: How many people can be registered in SCRL from school/child care sites?
- A: There is no limit to how many SCRL users there can be from individual schools or child care sites.

# SCRL Integration

Q: Is SCRL connected to CAIR-ME or the immunization reporting website?

A: Not yet, but there are plans in place for SCRL to communicate directly with both websites/portals in the future.

# Following Up with Students

- Q: What should I do if SCRL shows students that are conditional or overdue?
  - A: Not all doses may be entered into CAIR. If you haven't already, ask parents for their children's immunization records as well. If children are still missing doses, let the parents know when the missing doses are due ([Letter to Parents: Immunizations Needed](#)).

# When to use SCRL?

- Q: When should I use SCRL?
- A: SCRL should be used anytime you are unsure of a student's immunization status for school entry. If you are using a student information system that shows a student as complete, it is not necessary to again look for that student in SCRL.

# Where to get more Information/SCRL Resources?

# Appendix School/Child Care Law Resources

Related to Immunizations for Entry

# Helpful Resources

- [Implementation Tools \(ca.gov\)](https://www.ca.gov)
- [Communicating with Families about School Immunization Requirements](#)
- [IMM-365 School Handbook Eleventh Edition \(eziz.org\)](https://www.eziz.org)

## Communicating about School Immunization Requirements

Vaccines are an important part of helping prevent the spread of serious diseases in California schools and child care facilities. Children usually have received the immunizations for their grade or age by the time they enroll. Sometimes students are overdue for immunizations and cannot enroll. Here are a few tips for communicating with parents and guardians about getting children caught up.

### Inform and Support

- Post the [No Shots? No School flyer \(Spanish\)](#) at your front desk so families can see that immunizations are required by California law. Students who are overdue **cannot** attend school. (Schools may face immunization audits and possibly lose average daily attendance funds for students who are in school while overdue for immunizations.)
- Share the [Parents' Guides to Required Immunizations](#), available in multiple languages.

### How to Handle Medical Exemptions

If a child cannot receive certain vaccines due to a medical reason, they need to obtain a medical exemption form issued in [CAIR-ME](#). You can check the status of medical exemptions in [CAIR-ME](#). Refer to the [Medical Exemption FAQs](#) for more information.

### Ways You Can Help

Be empathetic to the family's challenges in getting all the required immunizations and offer these tips.

#### How to Find Immunization Records:

- Call the doctor's office(s) that gave the immunizations.
- If the doctor's office participated in a California immunization registry, the family may be able to access a [Digital Vaccine Record](#).
- School and child care staff can also help find records and see the immunization status of students by using the School and Child Care Roster Lookup (SCRL) tool. Find out more at [SCRL Facts](#).

#### Where to Get Vaccinated:

It's best to go to their doctor's office, where immunizations are usually free. If the student doesn't have a primary care doctor, let families know about these resources:

- [Local Health Department's immunization program](#)—some offer free/low-cost vaccine clinics.
- Vaccines for Children Program's [locator tool](#)—find a doctor who offers no-cost vaccines to families in Medi-Cal and those who are uninsured. Families can check the [Covered California website](#) to see if they qualify for Medi-Cal.
- Local [pharmacy](#)—many offer immunizations for children as young as 3 years of age. Costs may apply.

### Questions?

Visit the [Shots for School website](#) for more information, and call your [Local Health Department's immunization program](#) with any concerns.

# CA Child Care/Pre-K Immunization Requirements

California Immunization Requirements for

## Pre-Kindergarten

(any private or public child care center, day nursery, nursery school, family day care home, or development center)

**Doses required by age when admitted and at each age checkpoint after entry<sup>1</sup>:**

Age When Admitted	Total Number of Doses Required of Each Immunization <sup>2,3</sup>			
2 through 3 months	1 Polio	1 DTaP	1 Hep B	1 Hib
4 through 5 months	2 Polio	2 DTaP	2 Hep B	2 Hib
6 through 14 months	2 Polio	3 DTaP	2 Hep B	2 Hib
15 through 17 months	3 Polio	3 DTaP	2 Hep B	1 Varicella
	On or after the 1st birthday:			1 Hib <sup>4</sup>
18 months through 5 years	3 Polio	4 DTaP	3 Hep B	1 Varicella
	On or after the 1st birthday:			1 Hib <sup>4</sup>

[California Immunization Requirements for Pre-Kindergarten](#)

# CA School Immunization Requirements

California Immunization Requirements for

## **K–12<sup>th</sup> Grade** (including transitional kindergarten)

Grade	Number of Doses Required of Each Immunization <sup>1, 2, 3</sup>				
<b>K-12 Admission</b>	<b>4 Polio<sup>4</sup></b>	<b>5 DTaP<sup>5</sup></b>	<b>3 Hep B<sup>6</sup></b>	<b>2 MMR<sup>7</sup></b>	<b>2 Varicella</b>
<b>(7th-12th)<sup>8</sup></b>	<b>K-12 doses</b>	<b>+ 1 Tdap</b>			
<b>7th Grade Advancement<sup>9,10</sup></b>		<b>1 Tdap<sup>8</sup></b>			<b>2 Varicella<sup>10</sup></b>

[California Immunization Requirements for K–12th Grade \(including transitional kindergarten\)](#)

# Universal Transitional Kindergarten

Q: I have a three-year-old student wanting to enroll in TK (transitional kindergarten). How do I use SCRL to see if they are ready for enrollment?

A: For students who are **3 years old at the time of admission** to TK, ([Education Code section 48000\[c\]](#)), schools are recommended to initially apply the [pre-kindergarten immunization requirements](#) (PDF) and to follow up with these students once they turn 4 years old to apply the [TK/K immunization requirements](#).

- [TK FAQs](#)

# Finding missing doses after admission: Overdue and/or Conditional Entrants)

- If missing doses are found after admission allow no more than 10 school days after you notify the parent ([IMM-1140 Notice of Immunizations Needed Letter Template \(ca.gov\)](#)) for the parent to present a record showing the student received the immunizations previously lacking.
- After the deadline of 10 days, you must exclude the student from further attendance if the student has not come into compliance with the requirements.
- Once up to date, if additional doses are still missing follow the Conditional Admission schedule on page 2 for [Pre-k](#) and [TK-12](#). Students may continue to attend school but will need to be followed up with to make sure they are up to date.

# Appendix: CA Health and Safety Code

## (Amended by Stats. 2022, Ch. 582, Sec. 1.)

- (2) Schools, childcare facilities, family childcare homes, WIC service providers, foster care agencies, county human services agencies, and health care plans shall maintain the confidentiality of information listed in subdivision (c) in the same manner as other client, patient, and pupil information that they possess. These institutions and providers are subject to civil action and criminal penalties for the wrongful disclosure of the information listed in subdivision (c), in accordance with existing law. They shall use the information listed in subdivision (c) only for those purposes provided in subparagraphs (A) to (D), inclusive, of paragraph (1) and as follows:
  - (A) In the case of schools, childcare facilities, family childcare homes, and county human services agencies, to carry out their responsibilities regarding required immunization for attendance or participation benefits, or both, as described in Chapter 1 (commencing with Section 120325), and in Section 11265.8 of the Welfare and Institutions Code.
